## DETAILED ACTION

### *Election/Restriction*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-16, drawn to a data processing system, performing an automated financial or business method, practice, or task, comprising a point-of-sale terminal having a specified transaction journal output feature (e.g., display prompt, printed receipt, voice output, etc.), classified in class 705, subclass 24.
  - II. Claims 17-28, drawn to a method of business, finance, or management comprising input to a point-of-sale terminal by product or record sensing, classified in class 705, subclass 23.

2. The inventions are distinct, each from the other because of the following reasons:

Invention II is related to Invention I, as process and apparatus for its practice. The inventions are distinct if it can be shown that *either*: (1) the process as claimed can be practiced by another, materially different apparatus, or by hand, *or* (2) the apparatus as claimed can be used to practice another, materially different process. (MPEP § 806.05(e)). In this case, the process as claimed can be practiced by another, materially different apparatus, or by hand, such as with a point-of-sale system having no prompting system, the prompting instead being provided manually by a store point-of-sale system supervisor/attendant.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. A telephone call was placed to Mr. Russell DeClerck (Reg. No. 46,364), attorney for applicant, on June 2, 2005, to discuss an oral election to the above restriction requirement, but the call did not result in an election being made.

5. Applicant is advised that the reply to this requirement, to be complete, *must* include an election of the invention to be examined, even if the requirement be traversed (37 CFR 1.143).

***Conclusion***

6. Any inquiry concerning this communication, or earlier communications, should be directed to the examiner, **Jerry O'Connor**, whose telephone number is **(571) 272-6787**, and whose facsimile number is **(571) 273-6787**.
